

**FOR IMMEDIATE RELEASE:  
THE PLUMBERS TAKE IT OFF FOR A GOOD CAUSE**

**CHANGING THE WAY YOU VIEW PLUMBERS**

**SERVICES PLUMBING**

**October 8, 2010** Los Angeles, CA – The world of Plumbing will never be the same after November 6, 2010. Sticking to their roots and using philanthropy as a platform The Plumbers 2011 calendar shows they “bare it all “for a good cause. Photographed by celebrity photographer, Scott Hebert of Studio 360 Imaging, The Plumbers have pulled out all of the stops using one of LA’s elite.

The 5<sup>th</sup> annual calendar is sure to be historical for the company. Keeping their finger on the pulse, partial proceeds from the calendar will be donated to the Jenesse Center for Domestic Violence. The Plumbers have been nurturing this relationship and positive outreach with love, labor, time, and materials for over 10 years - no better way to show support and gratitude for such a positive organization. Their efforts have been associated with Jenesse and their celebrity volunteers such as Halle Berry on the “Nahla’s World” project; The Plumbers are always ready to give back to their community.

President of LR Services Plumbing, Leonard Redway discussed the upcoming calendar release as: “This is not just a calendar, it is an EXPERIENCE!”

Presales of the 2011 calendar are available now at <http://www.lrsplumbing.com/>

Sponsorship opportunities are available for the calendar release set to take place on Saturday, November 6, 2010.

**About LR Services Plumbing** – LR Services Plumbing set out on a mission to not only provide Los Angeles residents with excellent plumbing services, but to encourage community empowerment and development in urban communities around the city. Dedicated to empowering and educating the youth about the importance of drive, hard work and self-proficiency, LR Services Plumbing is one of the few plumbing contractors who give back to their community. Involved in mentorship programs, volunteering at high schools and a vocational scholarship, Leonard Redway and LR Services Plumbing are ...
